Refund Policy

Cancellations:

A "Cancellation" occurs when the Customer or Supplier voids an order for a withdrawal of funds from a Customer's Card account or bank account before a sale is sent for deposit. Business Connections Services Inc. Experts will not collect a deposit from the Customer and the previously authorized funds will be released at the Card issuing bank's discretion.

After a sale is sent for deposit, any attempt to reimburse the cost of a Product to a Customer constitutes a Refund and shall be dealt with as set forth below. You may contact us regarding your purchase from Business Connections Services Inc. Experts for a full refund up to 90 days after delivery should our resume not procure you a job.

Returns:

Our products are sent electronically, so no returns are expected.

Refunds:

A refund is the actual reimbursement of the cost of a Product to a Customer ("Refund"). Business Connections Services Inc. accomplishes the Refund by reversing the amount previously charged to the Customer's Card or account at the Card issuing bank and the appropriate amount is credited to the appropriate Card or account at the Card issuing bank of Customer."
